Family Engagement

Keep family members **informed** through one **central point** of communication.

-  Improve communication by easily sharing announcements and newsletters
-  Manage expectations through HIPAA-compliant messaging & photo-sharing
-  Reinforce a strong activity program by instantly sharing the community calendar
-  Automatically generate in-app survey to receive feedback about your community
-  Enable push notifications for activity attendance to ensure peace of mind with no extra effort from your team

Create **peace of mind** and **improve family satisfaction** survey results **by 50%** with no extra work needed from your staff.
